

Brentwood University

Brentwood University was founded with the goal of sustaining innovative and flexible, educational challenges and to do so via a student-centered academic environment. The student's mastery of required coursework leads to the award of a degree, and also leads to the enrichment of students who aspire the positions of leadership, entrepreneurship, corporate governance, and service to others. Students at Brentwood University are given the option of when and how they would like to pursue their educational programs. Some of our programs allow the students to come study in Irvine, California full time or simply take their courses Online. A hybrid option is also available for those who wish to do half online and half on campus. Located in Irvine, California, Brentwood University provides a full American experience to its international students. Our Students learn about the social, cultural and business aspect pf the American lifestyle; Something that is not commonly found in American Schools.
