

### Lincoln University: -

Lincoln University is a uniquely and deliberately specialised university finding solutions for these challenges. The University has a mission to help: feed the world, protect the future, and live well.

To achieve this mission, Lincoln is positioned to work alongside industry, the community, and people from around the globe. The University's qualifications range from certificate level through to PhD - and our teaching and research covers all activity associated with the land-based sectors to meet the needs of not only New Zealand but also the world.

Lincoln students come from all over New Zealand and from roughly 60 countries around the world. Once studies are completed, Lincoln graduates can be found around the globe making a difference.

### (Lincoln University) Services: -
