

Prof. : Mahmoud Fouad Hafiz

Department of Mechanical Engineering
Faculty of Engineering, Al-Azhar University, Cairo, Egypt.

Email : mfhafiz@azhar.edu.eg

Qualifications

	⊕ B.Sc. (1983), "Faculty of Engineering", Al-Azhar University (Egypt)
	⊕ M.Sc. (1989), "Faculty of Engineering", Al-Azhar University (Egypt)
	⊕ Ph.D. (1994), "Production Systems Engineering" Toyohashi University (Japap)

Fields of Interest :

	⊕ Composition-Processing-Microstructure-Properties Relations
--	---

Selected Publications :

	<ul style="list-style-type: none">⊕ 1990- M.F. Hafiz, N. Fat-Halla and S.B. Moshref, "Effect of Some Casting Parameters on the Modification of a Commercial Hypoeutectic Al-Si Alloy", Zeitschrift für Metallkunde, 81(1), (1990), pp. 70-75.⊕ 1999 - M.F. Hafiz and T. Kobayashi, "Review: Fracture Characteristics of Aluminium Casting Alloys", Int. J. of Materials and Product Technology (IJMPT), 14 (2/2/4) (1999) 199-216.⊕ 2003 - Mahmoud Hafiz, "Mechanical Properties of SG-Iron Subjected to Variable and Isothermal Austempering Temperatures Heat Treatment", Mater. Sci. and Eng.: A, 340 (2003), pp. 1-7.⊕ 2009 - M. F. Hafiz, "Tensile and Impact Properties of Conventional and Austempered SG-Cast Irons AFS Transactions, 117 (2009), pp. 445-452.⊕ 2010 - M. Hafiz, "Effect of second step austempering temperature and time on the impact properties of two-step austempered SG-cast iron", J. of Al-Azhar University Engineering Sector, 5 (14) (2010) pp. 59-65.
