Personal skills & competences:

Mother Tongue: **Italian**

Other languages: English: Good
(Self-assessment) French: Quite
Arabic: Knowledge

Cultural skills and general competences:

Over the years 1996/2016: organization and participation in numerous public meetings (seminars, conferences, lectures and round tables), in Italy and abroad, delivering speeches in Italian and English Languages. He is Guest Editor of the Elsevier Journal "Procedia Social and Behavioral Sciences" since 2015. Editorial member of the "PhD Kore Review" journal of Faculty's PhDs since 2011 and Board member of the PhD on Architecture for Mobility Systems and Transportation. He also is editorial member of the review "Archingegno" journal of the Faculty of Engineering and Architecture of Kore University of Enna. He is member of INU (National Institute of Urban Planning) and member of the INU Working Group "Contemporary City" from 2012-2014. He is member of SIU (Italian Society of Urban Planners). The scientific researches, carried out in the period 2004/2016, led him to give priority to issues close to the urban regeneration, territorial development and suitable planning, in the euro-Mediterranean area. In particular, the core of his current research is on tourism and on its refluente on the territories, about the local society and the tangible and intangible heritage of rural areas; on the democratic sustainability and on smart city and on the innovative processes of urban regeneration.

Organisational skills and competences:

Over the years 1996/2016: organization, coordination and direction of educational and scientific activities in several Mediterranean Countries for scientific exchanges between students and scholars involving the Universities of Palermo, Enna (Kore), Naples, Cairo, Helwan, Delta, British, Barcelona, Groningen and others (both public and private).

Technical skills and competences:

Good experience in executive and detailed design and in direction of works on building sites.

Computer skills and competences:

Excellent knowledge of information technologies and software for browsing Internet, office (word, excel, publisher, etc.), technical drawing (CAD), images and databases.
