PERSONAL PROFILE IN BRIEF 1991-2018

Current positions:

- since 2018 Expert in Urban planning at E.campus University in Rome.
- since 2017 Professor of "Art and Image" at the I.C. Giovanni Paolo II in Rome
- since 2016 Scientific Responsible of the DAC (Design At the Centre), international network for integrated and multi-scale planning
- since 2014 Scientific Director of the research Institute IEREK (International Experts for the Research Enrichment and Knowledge Exchange) in Alexandria (EGY)
- since 2012 Director of SpaRe.Life - IWS (Spaces for the Real Life - International Work-Shops)
- since 1991 Professional in the fields of Architecture and Urbanism

I have acquired almost thirty years of professional experience in applied &-scientific research activities and in professional consultancy in the sectors of: urban and territorial planning; valorization and recovery of historical, monumental and cultural heritage; social and urban regeneration; local based development; sustainable and integrated relational tourism policies & strategies.

I have provided my skills for universities, research institutes and work groups in a number of trans-disciplinary researches applied to urban and transportation planning and to urban and rural regeneration designing. I have contributed in drafting several regulatory and master plans as well as in recovery, restoration and new construction projects. I have managed and studied activities for participated designs in the valorization of local resources and values, the recovery of historical heritage and for sustainable tourism self-managed plans. I have founded associations, trademarks and research centers based on alternative development models and strategies.

I have consolidated my skills also through several didactic/scientific activities and a rich curriculum of international experiences. I have obtained my PhD in Urban and Territorial Planning, followed by five years of research grants and five years of teaching contracts, until reached the position of TD Researcher and Assistant Professor at the Kore University of Enna. I have as well conducted several didactic activities, on both national and international contexts, and have instituted international didactic activities such as summer and winter schools, II level masters and workshops, in Italy and abroad.

PROFESSIONAL EXPERIENCE

1998 – 2018

Scientific Research Activities.

My activities have been focused on themes of urban and territorial planning, close to those strategies and policies of local development, in addition to integrated design for the valorization of the local real resources of the inner lands, rural, peripheral or marginal areas. I have given serious attention to the sustainable tourism as "added value" for the enhancing of the cultural, historical and architectural/monumental heritage. I have always operated in international context, particularly in the Mediterranean region.

In details, I have dedicated my work on the following themes:

- Urban and Social Regeneration Participated Designs
- Sustainable Development in urban and rural areas
- Recovery and Valorization of local heritage
- Open and Public Urban Spaces designing
- Restraint of the soil consumption
- "Green", "grey" and "blue" infrastructures
- Management of the Sustainable Tourism for rural and urban development

I have supported numerous cooperative activities with the Universities of: Pamplona (Spain); Paris XII (France); Beni Suef (Egypt); Cairo (Egypt); Helwan (Egypt); Mansoura (Egypt); Groningen (Holland); Girona (Spain); Reus-Tarragona (Spain); Politècnica de Catalunya in Barcelona (Spain); British in Egypt (Egypt); Delta (Egypt); Ain Shams (Egypt); MET (Egypt); Fayoum (Egypt); Alexandria (Egypt); Luxor (Egypt); Ljubljani (Slovenia); Beirut (Lebanon); Sultan Qaboos (Oman); Palestine Polytechnic (Palestine). In Italy, I have collaborated with the Universities of: Catania; Second of Naples; Federico II of Naples; Salento of Lecce; Foggia; Molise of Campobasso; Roma Tre; Reggio Calabria; Palermo; Kore of Enna and La Sapienza of Rome. Among the non-university scientific partners I mention, among others: the Academy for Scientific Research and Technology (ASRT - Egypt); the Italian Geographic Society; the Italian Society of Urbanists (SIU); the National Institute of Urban Planning (INU); the Association for Industrial Design (ADI); the Center for Sustainability and Future Studies (CSFS); the Favara Farm Cultural Park; the SISTUR.

2005 - 2018

Main accountabilities

During my work at Palermo University and at Kore University of Enna, I taught a range of core courses related to urbanism, environmental planning, soil defense and safeguard against pollution, in general, with emphasis on rural-urban development through sustainable forms of tourism, socio-urban regeneration through participated designing, planning for transportation and mobility; for undergraduate and postgraduate students. I supervised senior students for their graduation and PhD theses in both national and international arena.

I managed students during their training and I evaluated student's learning using various methods of assessments during my courses and my lectures. I advised students on academic matters.

I always had active participation in departmental assignments and student activities as assigned by the department chair or by the college dean. I served in department, faculty and other university committees (such as PhD board) as appointed or elected member.

1998 - 2018
