A. EDUCATION:

2009-2011: Master of Architecture from Jamia Millia Islamia New Delhi

- Post graduate thesis on “*Comparative Study of Teaching Techniques and Their Effectiveness in Architecture Education*”. This thesis explores the teaching techniques to enhance the quality of teaching and learning in the Architecture classroom like informal and non formal teaching techniques such as Studio Teaching, Workshops, cooperative, collaborative and problem-based learning.

(2003-2008): Bachelor of Architecture from Aligarh Muslim University, Aligarh

- Under Graduate thesis on “**Islamic Center, Ghaziabad**”. This project aims to promote mutual understanding and tolerance amongst the diverse group of citizens of India, to remove misunderstandings about Islam and its teachings, to create awareness about Islamic ethos and culture and to assist in the creation of a ethical society based on tolerance, universal brotherhood, love and charity.

(2000-2003): Diploma in Architectural Assistantship from Aligarh Muslim University, Aligarh

B. RESEARCH EXPERIENCE:

1. Dissertation/Research Works:

- Prepared a dissertation report on “*Role of Educational Technologies in Architecture Education*” in third semester. This dissertation explores the ways in which educational technology can benefits the architecture education. In particular it explores the ways of teaching strategy and teaching components which can revolutionize the process of teaching learning with their advantages & limitations in architecture education.

- Prepared a dissertation report on “*The Inclusion of Building Information Modelling in Architecture Education*” in first semester. This dissertation explores the potential of BIM, focuses on how BIM is implemented in the practical world, discusses the present scenario of BIM in India and proposes BIM education in the curriculum of B.Arch. program.
